

BEN W.  
DevOps Engineer | 6 Years Experience

## SUMMARY

Professional focused on building robust and scalable systems. Deep practical experience with container orchestration and \*\*CI/CD\*\* processes.

## SKILLS

Cloud: \*\*Microsoft Azure\*\*, Google Cloud Platform (GCP).

Orchestration: \*\*Docker\*\*, \*\*Kubernetes\*\*.

Deployment: Jenkins, Gitlab Pipelines.

Programming: Java, \*\*Python\*\*.

Databases: \*\*MongoDB\*\*, MySQL.

## EXPERIENCE

Senior DevOps, FinServ (2018 – Present)

- \* Managed high-traffic web applications deployed on \*\*Azure\*\* using AKS (\*\*Kubernetes Service\*\*).
- \* Built and maintained \*\*CI/CD pipelines\*\* that ensured zero-downtime deployments.
- \* Handled large volumes of session data using \*\*MongoDB\*\* clusters.
