EMILY F.
Data Scientist | 5 Years Experience

SUMMARY
Data scientist focused on building predictive models and statistical analysis. Experienced with large datasets and machine learning platforms.

SKILLS
Data Science: Pandas, Scikit-learn, TensorFlow.
Languages: **Python** (Data Analysis), R.
Tools: Jupyter, Tableau.
Databases: Hadoop HDFS, Spark.

EXPERIENCE
ML Engineer, Research Inc. (2020 – Present)
* Developed and deployed machine learning models for customer churn prediction.
* Used **Python** and Spark to process terabytes of streaming data.
* Visualized key metrics using Tableau dashboards.
